"Tower of the Omens" Portable Set for Ten inOne with Sanyo Transparent LCD

Tower of the Omens

LcdSanyo is back with their latest release. LcdSanyo is already the king of lcd camera module family which includes lcd model no. LCD-VF280, LCD-TF285, LCD-VF380, LCD-TF385 and this module has hd quality. If you are own a Lcd Camera then it will tell you the magic, The Lcd Camera has still cameras and the most advanced screen ever has 13.8 px pixels which is 0.2 px less than AMOLED. Yes this lcd is first of its kind which has camera has screen. This Lcd Camera supports with India plugged size only. According to some report lcd camera have bypass a button on module. Other then this there is no other difference in overall functioning and result. Tower of the Omens is also another module with amoled technology. Lcd have huge list of features but to give this huge list we have made separate article which give a complete description. LcdSanyo Tower of the Omens portable set for ten inOne Lcd Camera is newly launched. Its a brand new product and its only available in international market yet. But a tiny detail which is coming in news is its price increases not much but still its cost is more than lcd camera. No doubt it has 13.8px and supported same as LcdSanyo camera. If you are guy who want a camera instead of using cell phone for camera, then you can try this from LcdSanyo now.

Tower of the Omens portable set for ten inOne Lcd Camera by LcdSanyo will be available at COMZet Infomart, Home of the latest gizmos.
